

THE BRAND YOU LOVED FOR OVER 25 YEARS IS UPGRADING FOR GOOD

^{Makers of} FontFreedom, GaMaBhaNa

& Smart Solutions (the founders Akruti Software),

have come together to enrich you with their Over 35 Years of Experience in Indian Language Software Development..

...... To bring Smartness in your Everyday Digital Journey......

Welcome & Congratulations on acquiring this Latest Version of FontFreedom Family.

You are aware, we are always striving hard to bring the latest technology in Indian Languages to your Desktops and Fingertips, This is a step forward in making your Digital Publishing Journey more efficient and smart.

We began the journey with "**Akruti Freedom**" in 1995, Then, in 2001, moved on to "**Loksatta FontFreedom**", an All Time Hit, having over 250,000 installations the World over. Next in the Bouquet was "**FontFreedom GaMaBhaNa**" in 2008. This was the merging of 2 popular software titles, one in the Offline Community and the other in Online Space. This exciting feature of being the First in its class to give Unicode and Legacy Fonts Typing Feature in the same software, took **FontFreedom GaMaBhaNa** to further heights. Then it was **FontFreedom GaMaBhaNa** Voice Pro.

The real success of **FontFreedom** was in the popular "**English Phonetic Keyboard**", and the "**GaMaBhaNa Keyboard**", which were the most easy to learn keyboards.. and of course, its very much affordable price tag.

Along the way, in the year 2000, we brought to you **FontSuvidha**, the unique Font Convertor for Devnagari. We brought to you **CMS Solutions**, **Websites in a Box**, and much more.

But Many amongst YOU wanted still more... Numerous requests were received from our customers to include **More Features**, **More Keyboards**, **More Tools** in the **FontFreedom Family**.

To make your Wish Come True, FontFreedom, GaMaBhaNa & Smart Solutions (the fonuders of famous Akruti Software), have come together to enrich you with their Over 35 Years of Experience in Indian Language Software Development..

...... To bring Smartness in your Everyday Digital Journey......

A **FontFreedom Smart 2021 Basic** Icon as shown here will appear on your Desktop. Click on it to RUN the software.

You may see a popup screen asking you to Allow running the file on your PC. This is a standard Windows Security Message. Please click YES to proceed.

Next, a splash screen of **FontFreedom Smart 2021 Basic** will be shown and then a POPUP window for Registration will appear. **FontFreedom Smart 2021 Basic** runs for 4 days, without Registration.

Click OK to Proceed.

Registration :

You have to Register the software and get a **Registration KEY** (**PKN** as in earlier versions).

But do not worry. You can start using the software even if you do not have the **PKN**.

The software will run in Trial Mode, with almost All the features available within it. This trial period is limited to 4 days, during which you have to Register it.

There are multiple ways in which you can register your copy.

- 1. Automatically.
- 2. Using a File
- 3. Manually

For Registration, you will have to provide the following information.

- 1. Email ID
- 2. Your Name
- 3. Company Name (If this is Personal Use, Write N.A.)
- 4. Contact Number
- 5. Serial Number (This will be provided to you during Purchase Process)
- 6. Hardware ID (This will be Auto-filled by your PC)

Register Automatically :

Once you Submit the Form, you will be provided with a **Registration Key**, which has to be filled in the **Register Key** Field.

Using FontFreedom Smart 2021 Basic

After Registration, or even if you are in Trial Mode, once you open the software, the Tools Menu can be seen at the top of your screen. This **Menu Bar** can be shifted to the Bottom of your Screen.

You can also change the Look and Feel of it from **Preferences** Menu. You can change the Color of the Menu Bar from the various color choices offered.

You can select Language, Font Family & Keyboard from the menu.

You can also Set **Preferences** for your regular working.

You can view the On-screen Keyboard From **Preferences** Menu.

You can use any of the **supported 24 Languages** in **Unicode**, or the **Legacy Indian Script** Selected by you during purchase. (**e.g. Devnagari**, which covers Marathi, Hindi and Sanskrit)

You can use **any of the supported fonts** as mentioned on **Page 3** of this document.

You can use any of the supported Keyboards as mentioned on Page 3 of this document.

You can install all the supplied fonts as mentioned on Page 3 of this document, from the Utilities Menu.

You can use the **Utilities** from the **Utilities Menu**. Help for using them is available separately.

To invoke the Typing Engine in your selected Language, Use **Scroll Lock Key** as a switch. As an alternative, (for Laptops where the **Scroll Lock Key** is not available), the **ON / OFF button** on the Menu Bar comes handy.

Depending on the Windows Version on your PC, you can switch between **32 Bit** or **64 Bit** Applications. This can be done by using the Button on the Top Menu Bar. Please use 64 Bit button 'On' for 64 Bit applications and 32 Bit 'On' for 32 Bit applications.

Details about the using FontFreedom Smart 2021 Basic are given in the User Guide.

In case you need any Help or Support, you can use the facility given in the **Preferences > Feedback OR Support Request** Menu in the Menu Bar.

For Latest Contact Details, please visit https://www.fontfreedom.com

You can always consider upgrading your License Copy to a higher version like FontFreedom GaMaBhaNa 2021 Silver or FontFreedom GaMaBhaNa 2021 Gold.

You can get **more information** about these versions, along with a **Comparison Chart** at our website <u>https://www.fontfreedom.com</u>

Happy Computing in YOUR OWN Language !!!
